**RESOURCE COLORADO WATER AND SANITATION DISTRICT
2023 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Services Provided

The District was organized to provide construction, installation, financing and operation of public improvements, including water and sanitary sewer. The District's service area is located entirely within Weld County, Colorado. The District was formed by Court Order recorded with the Weld County Clerk and Recorder on December 1, 2004.

At the District's most recent election, held on May 6, 2014, the electorate authorized general obligation debt to provide financing for the design, acquisition, construction and installation of essential public-purpose facilities in the amount of \$324,000,000 for each purpose including water, sewer, streets, and mosquito control, \$324,000,000 for agreements with other governments for District improvements, \$324,000,000 for debt refunding, and \$324,000,000 for operations and maintenance. Debt is subject to the terms of the Service Plan. The electorate also approved the removal of limitations imposed by the TABOR Amendment and any other law that purports to limit the District's revenue or expenditures.

The District has no employees and all administrative functions are contractual.

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results because events and circumstances frequently do not occur as expected, and those differences may be material.

Revenues

The District has no revenue.

Expenditures

General and Administrative

No expenditures are anticipated in 2023.

Debt and Leases

The District has no debt or operating or capital leases.

Reserves

**RESOURCE COLORADO WATER AND SANITATION DISTRICT
2023 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Emergency Reserve

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of fiscal year spending. Since the District does not anticipate generating any revenue nor incurring any expense, an emergency reserve is not reflected.

This information is an integral part of the accompanying budget.

I, Lisa A. Jacoby, hereby certify that I am the duly appointed Secretary of the Resource Colorado Water and Sanitation Metropolitan District, and that the foregoing is a true and correct copy of the budget for the budget year 2023, duly adopted at a meeting of the Board of Directors of the Resource Colorado Water and Sanitation Metropolitan District held on November 21, 2022.
